

ADG 60mm PATMOR MORTAR

SPECIFICATION

DESCRIPTION	SPECIFICATIONS
Calibre & System	ADG 60mm PATMOR MORTAR
Elevation range	45° - 85°
Effective range	1050m (Standard barrel and bomb)
Standard barrel length	650mm
Ammunition	HE/SMK/PRAC
Ammunition mass	1.79kg
Mortar mass	7kg (standard barrel)
Muzzle velocity	112m/s (maximum)
Sight	Clamp on
Firing rate	15rpm (maximum)
Extended barrel lengths	895mm, 1000mm
Extended range	± 1800m (RDM 60mm new patrol mortar bomb)

A clamp-on handgrip incorporates a special sight with the range, elevation and charge engraved on the face plate of the handgrip. High soil compaction is given by the unique dome shaped base plate resulting in a more stable weapon. The barrel hinges in one plane only. This facilitates quick, accurate aiming.
